Oriental Lace

Chilly whiffs of wind gently blow through the forest while peaceful sounds of nature catch your ear, and your senses fill with a rustic scent of nature. You have found a peaceful spot in a beautiful forest.

In the evening, the sun creates a spectacular show of breathtaking shades, purple, orange and red. The warm, red tones of the sunset transform the surroundings into a burning oriental landscape. Combined with decorative ornaments and forceful elements of nature, such as wood and stone, a rustic look with a feminine touch is created.

Funky Bloom

As the seasons change, nature's pretty flowers run the gamut of colour, from the bright greens of summer to the faded neutrals of fall and the bare, cool branches of winter.

The cornerstone of this funky design story is a simplified, graphical flower theme combined with a funky 'duo tone' with emphasis on shades of lime and pink. The style is daring and courageous, yet minimalistic.

Juicy Jungle

Deep inside a densely grown jungle a mystery unfolds, which is beautiful, rich and full of life. Large-leafed jungle plants combined with organically shaped branches add a sweet and sophisticated touch to the graphical look. Exotic jungle inspiration, reflected through decorative paper cut designs, leaves an organic yet stringent and contemporary impression.

Vigorous, mysterious and juicy colours reflect a unique jungle universe in blossom. The colour palette is further enhanced through an impressive red spot colour. It is an exotic floral journey into the heart of the jungle. A journey destined to leave a lasting impression.

Copenhagen Lounge

Outside, the city passes through in fast-paced motions to the sounds of buzzing crowds. Inside, the stylish lobby provides a perfect place to unwind. Here, an encounter is staged between the pulsating life of the metropolis and the peaceful tranquillity of nature.

A contemporary blend of wooden design elements, circular shapes and floral ornaments creates a modern, Scandinavian design expression. Combinations of cool, monochrome greys and details in lemon and black fill the space with a feeling of energy and well-being. A space to recharge.

Transparent Flower

A delicate scent of beautiful flowers envelopes the room and leads your thoughts to velvety, 18th century boudoirs. In this space, a warm encounter between nature and the ever-dreaming cosmopolitan takes place.

Light, fresh pastels in a combination with black or cream contribute to a feminine atmosphere offering a respite from the heat and strain of a hectic life. Be inspired by the wealth of transparent flowers and stringent designs with a modern twist.

Hyper Baroque

Impressive, architectural works of art, reminiscent of baroque gardens at Versailles, and clusters of the most beautiful rose bushes embellish the garden and together create a powerful, yet feminine and romantic ambience. Classical features reinterpreted with scrolls, photographic roses and dot designs.

In the evening, hundreds of tiny lamps light up the beautiful, baroque rose garden and transform all colours into expressive shades of pink, purple and orange. Like the city, which puts on a spectacular light show at nightfall, the garden seems radiant. A feminine and romantic expression in a daring interpretation. Powerful turquoise and red colour combinations in a close embrace with beautiful details in pink, purple and orange contribute to a strong and unsentimental design statement. A space which truly stands out.

About Nature/Super Nature

The Nature/Super Nature collection is a unique addition to ege's highline express concept, offering a multitude of design possibilities perfectly suited for a wide range of interior design projects. A contemporary collection composed of 12 expressive themes reflecting current trends and making it easy to create innovative interiors.

All this with:

- 6 unique design stories in 12 contemporary colour themes
- Recolour options (see p. 117)
- No minimum order requirements
- 7 standard qualities (see technical specifications p. 119)
- Undisputed performance standard EN1307
- Performance classification to fit any need; heavy & extra heavy use
- 24 hours sample service
- Dispatch within 2 weeks from receipt of order

The collection is developed in three of ege's standard colour palettes: K5220, K5275 and K5295.

Recolouration is possible for all graphic broadloom designs and graphic elements in runner and corridor designs.

Recolouration is not possible for photographic broadloom designs and photographic elements in runner and corridor designs. These are only available in predefined colour options as marked throughout the catalogue.

The collection contains some standard patterns in which blend colours are used. Solid and blend colours are shown in colour codes beneath each pattern.

Colour codes GB1-12 equal solid colours and colour code AC equals blend colours.

Please note that both standard and special designs, with large uni-coloured areas, in Highline 80/20 1100 and Highline Loop might require an approved production trial run prior to final production.
