Opulence

"In developing this range we wanted to come up with a transitional feel that would suit the more simplistic lines of a modern build but still add a feeling of opulence.

Over the past few years the fashion has been towards a flatter more graphic demand, but with our experience in fabrics, wallpapers and fashion, we have seen a move towards a more 3 dimensional look and felt this range needed to reflect that.

In selecting jewellery as the inspiration we believe, to the common eye, it had a non-periodic look yet retained a feeling of quality and class.

We have tried to capture the sparkle and texture that makes the subject matter so attractive and offer a product that isn't represented in the carpet industry at the moment."

Geoff Haley

About Opulence

This is the story of opulence told by designer Geoff Haley.

The Collection is made up from six different styles, each based on a specific piece of jewellery. The names of the designs from queens and princesses evoke images of elegance and beauty. The patterns cover the floor with sparkling diamonds, pearls and precious stones, creating an atmosphere of opulence and wealth.

Each section offers a beautiful range of coordinating designs; including corridors, borders, infill and outfill patterns. The different scales of designs enable a wide range of applications; from large open spaces to intimate areas and hallways.

The Opulence Collection – the ultimate in ornate luxury.

The Opulence collection

The Collection is inspired by the timeless quality of jewels and jewellery. The designs are intricate and elaborate. There are six major stories and each design is named after queens and princesses – Alexandra, Olga & Tatiana, Anastasia, Victoria & Beatrice, Elena & Silvia, Maria & Isabella, Louise, Julianne & Margarethe.

The collection is developed in ege's standard colour palettes making recolouration possible for all designs. Solid and blend colours are shown in colour codes beneath each pattern.

All this with:

- 6 unique design stories
- 22 standard all-over designs
- 10 standard borders & complimentary corners
- 5 standard corridors
- Recolour option
- No minimum requirements
- 7 standard qualities from 680-1900 g/m²
- Undisputed performance standard EN 1307
- Performance classification to fit any need; heavy & extra heavy use
- 24-hour sample service
- Dispatch within 2 weeks from receipt of order
